

Sercotel Logroño Suites: Apartments with automatic access system

Sercotel Logroño Suites offers a new concept for apartments, where check-in and check-out is automatic without face-to-face reception. The process is very simple:

Option 1 - Through our mobile app.

- One or two days before your arrival, you will receive an email to check in via our app.
- Once completed, we will send you a code so you can access the lobby of the building.
- Once inside, you will find a "kiosk" where you can complete the registration and obtain the access code to your apartment.

Option 2 - If you do not have a mobile app, you can request an access key on your arrival.

- Contact Sercotel Portales through the entry-phone located at the door to obtain the access code to the lobby.
- Once inside, you will find a "kiosk" where you can complete the registration and obtain the access code to your apartment.

Check-in and check-out times:

Entry to the apartments (check-in) will be from 16:00 hrs on the day of arrival.

Exit from the apartments (check-out) must take place before 12:00 noon (access to the apartments stops working at that time).

Important: remember that you must also go through the kiosk to check-out.

Remember

If you need assistance with the kiosk you can contact the hotel Sercotel Portales, whose staff are available 24 hours a day.

Remember to keep/save the access codes. You will always need them to get in!

The accommodation has a private parking service subject to availability, which must be reserved before arrival.

We have a deposit if you need to store your luggage both before and after departure.
